Dear Resident:

We are currently investigating the possibility of filing a lawsuit against the Keegan Landfill for the emission of noxious odors. Due to your proximity to the Landfill, you may have experienced odors associated with this neighboring facility. Odors which interfere with the use and enjoyment of your home may constitute a nuisance that may entitle you to compensation. Any lawsuit filed by this office would also have the objective of preventing any future emission of noxious odors.

Kamensky Cohen & Riechelson is a local law firm with extensive litigation and trial experience. We have worked to improve the lives of families and loved ones for more than 40 years in Pennsylvania and New Jersey, who have been injured as a result of negligence. To better represent the neighborhood surrounding the landfill, we have partnered with Liddle & Dubin¹ who have successfully handled² many air pollution cases, including those involving the emission of noxious odors from landfills.

Additional information about our firm can be obtained on the Internet by visiting www.kcrlawfirm.com. You can learn more about Liddle & Dubin at www.ldclassaction.com. If you are interested in receiving a free consultation regarding this issue, please feel free to contact us at (609) 394-8585. We look forward to hearing from you. Any lawsuit would be brought as a potential class action.

You can also learn more about your rights by completing the enclosed Datasheet and returning it to us by first class mail to the address listed above, by email to kriechelson@kcrlawfirm.com, or via facsimile to 609-394-8620. **If you are represented by another attorney regarding the air pollution being emitted by the Landfill, please disregard this letter.** In closing, we look forward to hearing from you. Together, we can strive to make a positive change in your community, for your family and neighbors.

Very truly yours,
Law Offices of
KAMENSKY ♦ COHEN & RIECHELSON

KEVIN S. RIECHELSON, ESQUIRE
